Hi Kathy,

Here's a start that you can edit. I added a couple sentences from the EPA-FDEP MOA press release, a bullet about the ESA FRN, and a couple other summary bullets.

Best,
Whitney

Mike,

The IO requested our help with preparing some talking points and background on Florida 404g for the Deputy Administrator. He will be traveling to Florida to meet with the restore council and extended an invitation to Governor DeSantis and Secretary Valenstein to join him.

Janita and I decided it was best to just update the congressional fact sheet, attached here. Can you and the team please incorporate a few points specific to the activities with Florida?

If you can please pass revisions to me by noon Monday, that would be great.

Best,

Steph
